Website - www.capitol6000.com

Capitol6000.com is the most complete reference portal about the Canadian LP and 45 market on the web today, with complete discographies of the unique Canadian series for *Capitol Records* (like the 6000 and 72000 series) and its subsidiaries like, *Apple Records*, *Harvest*, *Pathé* etc. as well as other great Canadian series of other labels like *VeeJay*, *PYE*, *Spartan* or *Stone*. We also feature a dedicated Beatles section, listing the complete Canadian catalog, along with articles on the people and companies that marketed amazing bands here in Canada in the 60s and 70s. We also offer many great services, three of which are listed below.

Book Publishing - Hemmingsen Publishing

We host a wide variety of unique books on Canadian Beatles history and discographies. Extremely detailed and backed by strong research, these books will tell you all you have to know about the Beatles in Canada, from the wheres and whys of the birth of Beatlemania in Canada, to detailed historical and collectable Canadian LP discographies. See other side of this page for details and prices.

News & Articles

The capitol6000.com page is home to various articles and news items posted regularly; both on current related news and on special featured historical Canadian records and events. From recent record sales to special reports on key people and events that shaped the Canadian musical panorama in the 60s, our weekly reports have become a fan favourite at Capitol6000.

Evaluation Services

You have a few records that seem unusual or rare, and wish to know more about them? We offer an authentication and evaluation service here at Capitol6000. We can identify the origins and scarcity of an item to help you make an honest sale, or simply to understand better what you have in your collection. We can also provide a value approximation for insurance purposes. Enquire for details.
